

### Aftercare - Male

Please pray for T. He has been returned to prison. Pray for his mental health and for help to cope when he is released again.

Pray for D. who has no support or friends. We hope and pray that he will repent and submit to Jesus before it is too late. We are worried that he will not be able to make it if he keeps going the way he is.

Please pray for protection and blessings for all the volunteers who help out with the men each week. They pray, worship, cook, teach, drive, visit, and help us. We love our volunteers. God bless them.

### Prisons - Male

Pray for G. who is out now and doing well in his walk with the Lord. He said he couldn't have got through his sentence without PF.

Pray for B. who has five stab wounds from two attacks. He is on the Alpha Course and knows something has to change.

Pray for D. who is doing Alpha and has made a commitment, but fears what will happen when he gets out of the gate.

### Volunteers and General

Please pray for the PF volunteer BBQ on 2nd June as we celebrate the contributions from everyone over the past year.

We need volunteers to help with the cooking for a programme coming up in September with female aftercare. Please pray that the Lord will meet this need.

Give thanks for the many volunteers and prayer partners who continue to support PFNI's ministry. They play an essential role. May God bless them.

If my people, who are called by my name, will humble themselves and pray and seek my face and turn from their wicked ways, then I will hear from heaven, and I will forgive their sin and will heal their land.

2 Chronicles 7:14

### Prisons - Female

Pray for M. who is in custody and is very fearful for her safety. Pray that she will be able to get the right help and support and that she would know peace.

Pray for L. who is back in custody. She is struggling with being back and how she moves forward beyond jail. Pray for direction and guidance.

Give thanks for R. who has come to faith in custody! Pray that she would be strengthened and encouraged and would know God's presence.

### Family Support

Pray for parents desperately trying to obtain appropriate mental health assessment and treatment for their sons and daughters.

Pray for a wife who is currently benefitting from counselling. Pray she will know in a deeper way how to deal with the challenges life is presenting her and her family.

Pray that G. will have the courage to attend a support group for families affected by addiction.

### Aftercare - Female

Pray for R. who was recently released and returned home to horrendous circumstances (hard to even describe). Pray that during this hugely traumatic time, she will feel loved and supported and will hold firm to her faith.

Pray for A. who would love to attend contact sessions with her siblings whom she hasn't seen in many years. Please pray for the important meetings coming up to help progress this.

V. recently got a job and is absolutely delighted and very thankful! Let us give thanks for this and pray that she will continue to work hard and learn quickly.
